Hi Council Members,

I am opposed to this measure

It really makes no sense to me.

I dont know about you but if i have a choice between parking in a paid lot or parking on the street, i always choose the street.

What does that mean - more cars parked on adjacent city streets- thinks PCH, 2nd street, 3rd street and even people parking at CVS when not shopping at CVS. That is simply not fair for residents or CVS. Nor is it safe. The goal should be less cars on PCH.

You are looking to put paid parking in an area with lots of free parking

I would sooner see you put paid parking at the city lot near the farmers market, public storage and city hall vs putting it right off of PCH.

Sincerely

Mike Glasman
