Wayne's Party.JPG;

City Clerk:

I plan to speak during general public comment at the October 14, 2025 City Council meeting.

I would like to display one still image on the chamber screens during my entire full three-minute comment.

Please provide the procedure for submitting the image, including:

- Accepted file formats (JPEG, PNG, or PDF, etc.)
- Any size or resolution requirements
- The submission deadline before the meeting
- The method of delivery (email attachment, flash drive, or other)
- Whether the image must be reviewed in advance for approval or content

If the image cannot be shown, please provide the specific reason for the rejection and clear instructions on how I can modify or resubmit it so that it may be approved for display at the meeting.

The image will be static and shown only while I am speaking.

I have attached the image I intend to display to this email.

Thank you for your assistance,

Jim Holtz
