April 14, 2025

Maurice Wright
Emergency Management Coordinator
City Manager's Office
1315 Valley Drive
Hermosa Beach, CA 90254

Dear Maurice Wright:

The Federal Emergency Management Agency (FEMA) has completed its review of the 2025 Hermosa Beach Hazard Mitigation Plan and has determined that this plan is eligible for final approval pending its adoption by the City of Hermosa Beach.

Formal adoption documentation must be submitted to FEMA Region 9 within one calendar year from the date of this letter. If the adoption is not received within that timeframe, the plan must be updated and resubmitted for review.

FEMA will issue formal approval of the plan upon receipt of the adoption documentation. Adoption of the plan is required to maintain eligibility for funding under FEMA's Hazard Mitigation Assistance (HMA) programs. All funding requests will be evaluated individually based on the specific eligibility criteria and requirements of the applicable HMA program.

Please note that while mitigation plans may include additional content to meet Element H: Additional State Requirements or other local objectives, FEMA's Approvable Pending Adoption (APA) status does not constitute review or approval of any content exceeding FEMA's standard mitigation planning requirements.

If you have any questions regarding the planning or review processes, please contact the FEMA Region 9 Hazard Mitigation Planning Team at fema-r9-mitigation-planning@fema.dhs.gov.

Sincerely,

A handwritten signature in black ink that reads "Alison Kearns". The signature is written in a cursive style with a long, sweeping tail on the letter "s".

Alison Kearns
Planning and Implementation Branch Chief
Mitigation Division
FEMA Region 9
