You don't often get email from terrilaine@protonmail.com. [Learn why this is important](#)

Dear Councilmembers:

I am writing to ask that the Residential Parking Permit requirements be put back on the agenda for discussion and amendments.

I am a long time resident of Hermosa Beach who moved out of state, but keeps a place in Hermosa for personal and business purposes.

I no longer keep a car in Hermosa due to the fact I have no garage and cannot move the car regularly for street cleaning from a distance.

I also do not have a CA DL because I reside in another state at this time.

The CA DL requirement and CA vehicle registration to a Hb address under these new guidelines preclude me from securing a permit in my 37th year as a resident of this address.

I have a legal lease, a permit postcard, an electric bill, a gas bill, an insurance bill, and bank statements to the 1203 Monterey Blvd. address.

I would propose the council re-think the CA DL and vehicle address requirement.

This new guideline is not only impacting a dual resident of another state, but others who use a business address for their "company" cars, and other LA residents that keep an additional residence at the beach.

For those residents like me that do not live in Hb full time, our permits would not add much impact to the neighborhood parking situation because we do not live there full time.

Instead, it is brings in even more revenue to the city.

I do understand there are people who take advantage of the parking permits and game the system. There should be a better way to flag the abusers and not penalize good citizens who do the right thing.

Hermosa Beach is a very special place to me, which is why I have taken the time to write to the council and push for this change.

Thank you in advance for your consideration.

Sincerely,  
Terri Laine Klingner  
1203 Monterey Blvd.
