

THE NIKE AFTER DARK TOUR IS A WOMEN LED 13.1-MILE HALF MARATHON. THE RACE IS REQUESTING CITY COUNCIL APPROVAL TO TAKE PLACE IN HERMOSA BEACH ON EITHER OCTOBER 17 OR OCTOBER 24 (DATE TO BE CONFIRMED).

At its March 10, 2026 meeting, City Council will hold a public hearing to consider approval of the Nike After Dark Tour on either October 17 or October 24 of 2026. More information on how to view and provide public comment on the matter can be found at the City of Hermosa Beach website, www.hermosabeach.gov.

To host this event safely, the following temporary road closures and traffic adjustments would be in place:

The southbound lane of Hermosa Ave between Herondo Street and 25th Street would be closed from 4:30 PM–9:30 PM. During this time, traffic would either be diverted or managed as two-way traffic in the northbound lane.

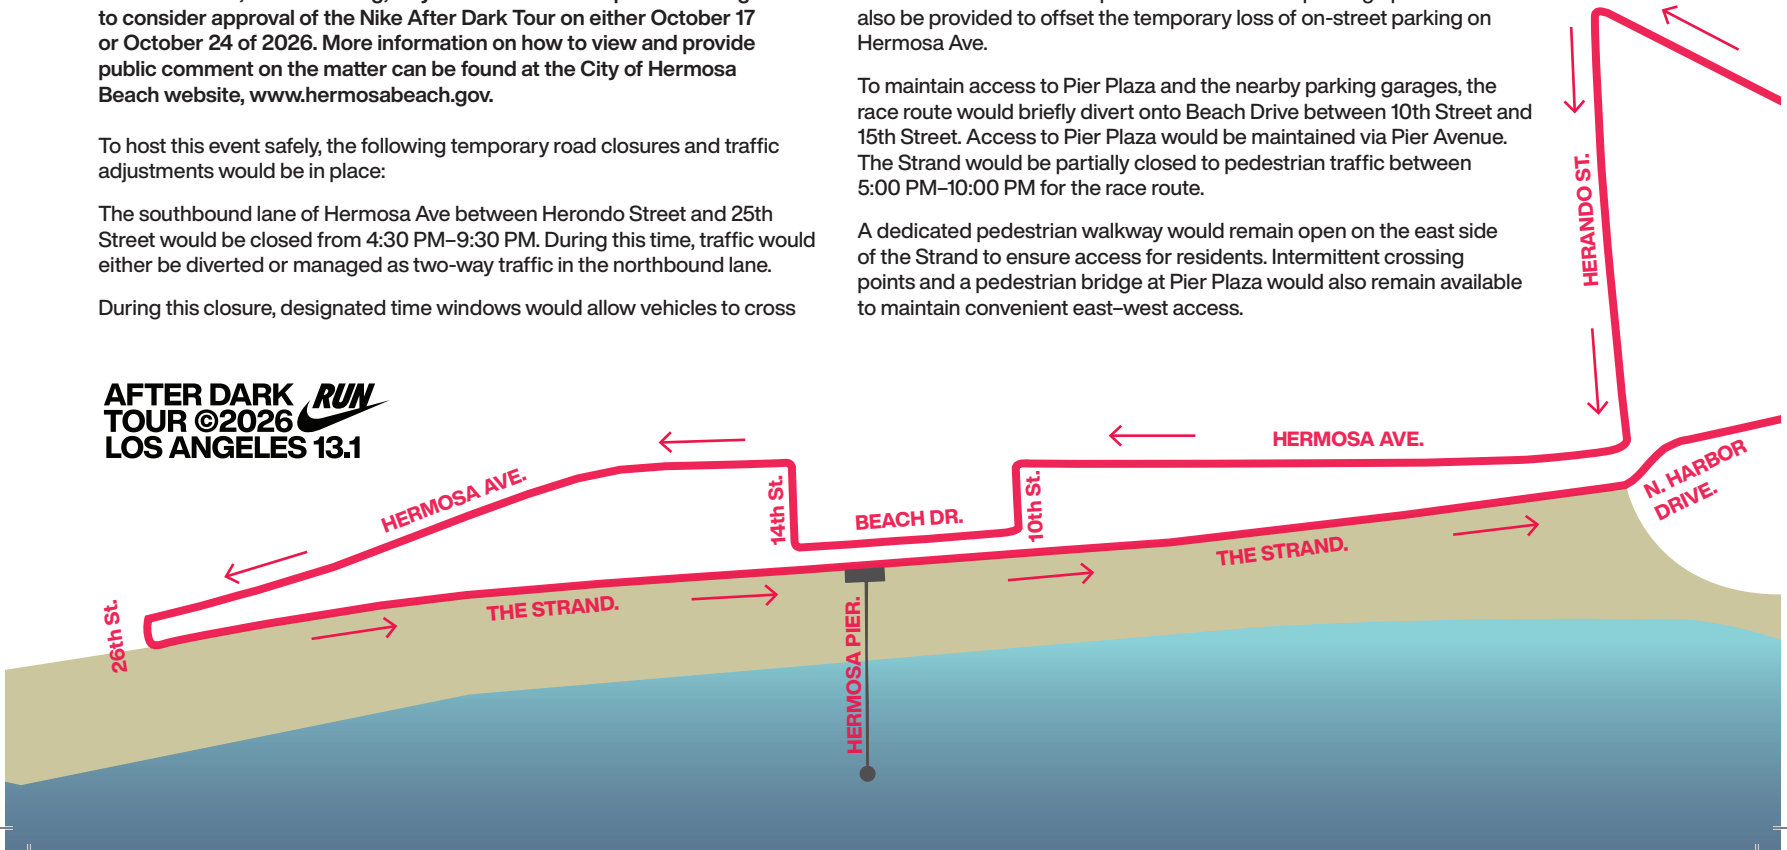

During this closure, designated time windows would allow vehicles to cross

the race course to reach open roads. Additional parking options would also be provided to offset the temporary loss of on-street parking on Hermosa Ave.

To maintain access to Pier Plaza and the nearby parking garages, the race route would briefly divert onto Beach Drive between 10th Street and 15th Street. Access to Pier Plaza would be maintained via Pier Avenue. The Strand would be partially closed to pedestrian traffic between 5:00 PM–10:00 PM for the race route.

A dedicated pedestrian walkway would remain open on the east side of the Strand to ensure access for residents. Intermittent crossing points and a pedestrian bridge at Pier Plaza would also remain available to maintain convenient east–west access.
