- 4.2. **Manager-in-Charge.** For the CONTRACTOR, Ronnie Norman shall be in charge of the project on all matters relating to this Agreement and any agreement or approval made by her/him shall be binding on the CONTRACTOR. The Manager-in-Charge shall not be replaced without the written consent of the CITY.

The CONTRACTOR reserves the right to determine the assignment of its own employees to the performance of the CONTRACTOR's services under this Agreement, but the CITY reserves the right, for good cause, to require the CONTRACTOR to exclude any employee from performing services on the CITY's premises.

**5. TERMINATION.**

- 5.1. **Termination for Convenience.** Either party may terminate this Agreement without cause and in its sole discretion at any time by giving the other party thirty (30) days' written notice of such termination. ## 6. **INDEMNIFICATION.**

6.1. CONTRACTOR shall indemnify, defend with counsel approved by CITY, and hold harmless CITY, its officers, officials, employees and volunteers from and against all liability, loss, damage, expense, and cost (including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with CONTRACTOR's performance of work hereunder or its failure to comply with any of its obligations contained in this AGREEMENT, regardless of CITY'S passive negligence, but excepting such loss or damage which is caused by the sole active negligence or willful misconduct of the CITY. Should CITY in its sole discretion find CONTRACTOR'S legal counsel unacceptable, then CONTRACTOR shall reimburse the CITY its costs of defense, including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation. The CONTRACTOR shall promptly pay any final judgment rendered against the CITY (and its officers, officials, employees and volunteers) covered by this indemnity obligation. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

6.2. The requirements as to the types and limits of insurance coverage to be maintained by CONTRACTOR as required by Section 17, and any approval of said insurance by CITY, are not intended to and will not in any manner limit or qualify the liabilities and obligations otherwise assumed by CONTRACTOR pursuant to this Agreement, including, without limitation, to the provisions concerning indemnification.

## 7. **INSURANCE REQUIREMENTS.**

7.1. The CONTRACTOR, at the CONTRACTOR's own cost and expense, shall procure and maintain, for the duration of the contract, the following insurance policies:

- 7.1.1. **Workers' Compensation Coverage.** The CONTRACTOR shall maintain Workers' Compensation Insurance and Employer's Liability Insurance for its employees in accordance with the laws of the State of California. In addition, the CONTRACTOR shall require any and every subcontractor to similarly maintain Workers' Compensation Insurance and Employer's Liability Insurance in accordance with the laws of the State of California for all of the subcontractor's employees. Any notice of cancellation or non-renewal of all Workers' Compensation policies must be received by the CITY at least thirty (30) days prior to such change. The insurer shall agree to waive all rights of subrogation against the CITY, its officers, agents, employees, and volunteers for losses arising from work performed by the CONTRACTOR for City.
- 7.1.2. **General Liability Coverage.** The CONTRACTOR shall maintain commercial general liability insurance in an amount of not less than two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit.
- 7.1.3. **Automobile Liability Coverage.** The CONTRACTOR shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the CONTRACTOR arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than three hundred thousand dollars (\$300,000) combined single limit for each occurrence.
- 7.2. **Endorsements.** Each general liability and automobile liability insurance policy shall be issued by insurers possessing a Best's rating of no less than A:VII and shall be endorsed with the specific language of Section 8.2.1 below.
- 7.2.1. "The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONTRACTOR, including

materials, parts, or equipment furnished in connection with such work or operations.”

- 7.2.2. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY may have, shall be considered excess insurance only and shall not contribute with this policy.
- 7.2.3. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.
- 7.2.4. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents.
- 7.2.5. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, agents, or volunteers.
- 7.2.6. The insurance provided by this policy shall not be suspended, voided, canceled, or reduced in coverage or in limits except after thirty (30) days' written notice has been received by the CITY.
- 7.3. **Deductibles and Self-Insured Retentions.** Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the CITY's option, the CONTRACTOR shall demonstrate financial capability for payment of such deductibles or self-insured retentions.
- 7.4. **Certificates of Insurance.** The CONTRACTOR shall provide certificates of insurance with original endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the CITY on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the CITY at all times during the term of this Agreement.
- 7.5. **Failure to Procure Insurance.** Failure on the part of the CONTRACTOR to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Agreement pursuant to Section 6.2 above.

- 7.6. **Nonpayment of Deductible.** The commercial general and automobile liability policies required by this Agreement shall allow City, as additional insured, to satisfy the self-insured retention ("SIR") and/or deductible of the policy in lieu of the CONTRACTOR (as the named insured) should CONTRACTOR fail to pay the SIR or deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. CONTRACTOR understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Agreement. Failure by CONTRACTOR as primary insured to pay its SIR or deductible constitutes a material breach of this Agreement. Should City pay the SIR or deductible on CONTRACTOR'S behalf upon the CONTRACTOR'S failure or refusal to do so in order to secure defense and indemnification as an additional insured under the policy, City may include such amounts as damages in any action against CONTRACTOR for breach of this Agreement in addition to any other damages incurred by City due to the breach.
8. **ASSIGNMENT AND SUBCONTRACTING.** The parties recognize that a substantial inducement to the CITY for entering into this Agreement is the professional reputation, experience, and competence of the CONTRACTOR. Assignments of any or all rights, duties, or obligations of the CONTRACTOR under this Agreement will be permitted only with the express consent of the CITY. The CONTRACTOR shall not subcontract any portion of the work to be performed under this Agreement without the written authorization of the CITY. If the CITY consents to such subcontract, the CONTRACTOR shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Agreement shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.
9. **COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS.** The CONTRACTOR shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations.
- 9.1. **Taxes.** The CONTRACTOR agrees to pay all required taxes on amounts paid to the CONTRACTOR under this Agreement, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by reason of the independent contractor relationship created by this Agreement. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the

CONTRACTOR and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONTRACTOR, then the CONTRACTOR agrees to reimburse the CITY for all costs, including accounting and attorneys' fees, arising out of such audit and any appeals relating thereto.

- 9.2. **Workers' Compensation Law.** The CONTRACTOR shall fully comply with the workers' compensation law regarding the CONTRACTOR and the CONTRACTOR's employees. The CONTRACTOR further agrees to indemnify and hold the CITY harmless from any failure of the CONTRACTOR to comply with applicable workers' compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONTRACTOR under this Agreement any amount due to the CITY from the CONTRACTOR as a result of the CONTRACTOR's failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.
- 9.3. **Licenses.** The CONTRACTOR represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, insurance, and approvals which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR shall maintain a City of Hermosa Beach business license, if required under CITY ordinance.
- 9.4. **Prevailing Wages.** CONTRACTOR shall abide by the minimum prevailing rate of wages as determined by the State of California, Department of Industrial Relations for each craft, classification, or type of worker employed to carry out provisions of the Agreement. During the term of this Agreement, Contractor shall keep on file sufficient evidence of its employee compensation to enable verification of compliance of Prevailing Wages as established by State of California, Department of Industrial Relations.
10. **CONFLICT OF INTEREST.** The CONTRACTOR confirms that it has no financial, contractual, or other interest or obligation that conflicts with or is harmful to performance of its obligations under this Agreement. The CONTRACTOR shall not during the term of this Agreement knowingly obtain such an interest or incur such an obligation, nor shall it employ or subcontract

with any person for performance of this Agreement who has such incompatible interest or obligation.

11. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY.** The CONTRACTOR represents and agrees that it does not and will not discriminate against any employee or applicant for employment because of race, religion, color, medical condition, sex, sexual orientation and/or gender identity, national origin, political affiliation or opinion, or pregnancy or pregnancy-related condition.
12. **RECORDS AND AUDITS.** The CONTRACTOR shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by the CITY or any authorized representative, and will be retained for three years after the expiration of this Agreement. All such records shall be made available for inspection or audit by the CITY at any time during regular business hours.
13. **OWNERSHIP OF DOCUMENTS.** It is understood and agreed that the CITY shall own all documents and other work product of the CONTRACTOR, except the CONTRACTOR's notes and workpapers, which pertain to the work performed under this Agreement. The CITY shall have the sole right to use such materials in its discretion and without further compensation to the CONTRACTOR, but any re-use of such documents by the CITY on any other project without prior written consent of the CONTRACTOR shall be at the sole risk of the CITY. The CONTRACTOR shall at its sole expense provide all such documents to the CITY upon request.
14. **INDEPENDENT CONTRACTOR.** The CONTRACTOR is and shall at all times remain as to the CITY a wholly independent CONTRACTOR. Neither the CITY nor any of its agents shall have control over the conduct of the CONTRACTOR or any of the CONTRACTOR's employees or agents, except as herein set forth. The CONTRACTOR shall not at any time or in any manner represent that it or any of its agents or employees are in any manner agents or employees of the CITY. The CONTRACTOR shall have no power to incur any debt, obligation, or liability on behalf of the CITY or otherwise act on behalf of the CITY as an agent.
15. **NOTICE.** All Notices permitted or required under this Agreement shall be in writing, and shall be deemed made when delivered to the applicable party's representative as provided in this Agreement. Additionally, such notices may be given to the respective parties at the following addresses, or at such other addresses as the parties may provide in writing for this purpose.

(hereinafter referred to as the "CONTRACTOR").

### RECITALS

- A. CITY proposes to contract for Storm Drain Catch Basin Maintenance Services as set forth below in this Agreement;
- B. CONTRACTOR is willing to perform such services and has the necessary qualifications by reason of experience, preparation, and organization to provide the services described in Exhibit A.

**NOW, THEREFORE**, the CITY and the CONTRACTOR mutually agree as follows:

1. **SERVICES.** CONTRACTOR shall perform those services set forth in "Exhibit A" (Request for Proposal Document - Storm Drain Catch Basin Maintenance Services) which is attached hereto and incorporated herein by reference. By executing this Agreement, CONTRACTOR represents that it has (a) thoroughly investigated and considered the scope of services to be performed; (b) carefully considered how the services should be performed; and (c) understands the facilities, difficulties, and restrictions attending performance of the services under this Agreement.
2. **TIME OF PERFORMANCE.** The services of CONTRACTOR are to commence upon receipt of a notice to proceed from CITY and shall be completed within the time period designated by CITY. The term of this Agreement shall be for the time period beginning \_\_\_\_\_, 2022 and ending on \_\_\_\_\_ unless extended in writing in advance by the CITY.
3. **PAYMENT FOR SERVICES.** CONTRACTOR shall be compensated in an amount not to exceed those amounts as listed on pages P-\_\_\_ through P- \_\_\_ of Exhibit A. Compensation shall under no circumstances be

increased except by written amendment of this Agreement. CONTRACTOR shall be paid within thirty (30) days of presentation of an invoice to CITY for services performed to CITY's satisfaction. CONTRACTOR shall submit invoices monthly describing the services performed, the date services were performed, a description of reimbursable costs, and any other information requested by CITY.

#### 4. **CONTRACT ADMINISTRATION.**

- 4.1. **CITY's Representative.** Unless otherwise designated in writing \_\_\_\_\_, Maintenance Supervisor shall serve as the CITY's representative for the administration of the project. All activities performed by the CONTRACTOR shall be coordinated with this person.
- 4.2. **Manager-in-Charge.** For the CONTRACTOR \_\_\_\_\_ shall be in charge of the project on all matters relating to this Agreement and any agreement or approval made by her/him shall be binding on the CONTRACTOR. The Manager-in-Charge shall not be replaced without the written consent of the CITY.
- 4.3. **Responsibilities of the CITY.** The CITY shall provide all relevant documentation in its possession to the CONTRACTOR upon request in order to minimize duplication of efforts. The CITY's staff shall work with the CONTRACTOR as necessary to facilitate performance of the services.
- 4.4. **Personnel.** The CONTRACTOR represents that it has or will secure at its own expense all personnel required to perform the services under this Agreement. All of the services required under this Agreement will be performed by the CONTRACTOR or under its supervision, and all personnel engaged in the work shall be qualified to perform such services. The CONTRACTOR reserves the right to determine the assignment of its own employees to the performance of the CONTRACTOR's services under this Agreement, but the CITY reserves the right, for good cause, to require the CONTRACTOR to exclude any employee from performing services on the CITY's premises.

#### 5. **TERMINATION.**

- 5.1. **Termination for Convenience.** Either party may terminate this Agreement without cause and in its sole discretion at any time by giving the other party thirty (30) days' written notice of such termination. In the event of such termination, the CONTRACTOR shall cease services as of the date of termination and shall be compensated for services performed to the CITY's satisfaction up to the date of termination.
- 5.2. **Termination for Cause.** All terms, provisions, and specifications of this Agreement are material and binding, and failure to perform any material portion of the work described herein shall be considered a breach of this Agreement. Should the Agreement be breached in any manner, the CITY may, at its option, terminate the Agreement not less than five (5) days after written notification is received by the CONTRACTOR to remedy the violation within the stated time or within any other time period agreed to by the parties. In the event of such termination, the CONTRACTOR shall be responsible for any additional costs incurred by the CITY in securing the services from another contractor.

## 6. **INDEMNIFICATION.**

6.1. CONTRACTOR shall indemnify, defend with counsel approved by CITY, and hold harmless CITY, its officers, officials, employees and volunteers from and against all liability, loss, damage, expense, and cost (including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with CONTRACTOR's performance of work hereunder or its failure to comply with any of its obligations contained in this AGREEMENT, regardless of CITY'S passive negligence, but excepting such loss or damage which is caused by the sole active negligence or willful misconduct of the CITY. Should CITY in its sole discretion find CONTRACTOR'S legal counsel unacceptable, then CONTRACTOR shall reimburse the CITY its costs of defense, including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation. The CONTRACTOR shall promptly pay any final judgment rendered against the CITY (and its officers, officials, employees and volunteers) covered by this indemnity obligation. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

6.2. The requirements as to the types and limits of insurance coverage to be maintained by CONTRACTOR as required by Section 17, and any approval of said insurance by CITY, are not intended to and will not in any manner limit or qualify the liabilities and obligations otherwise assumed by CONTRACTOR pursuant to this Agreement, including, without limitation, to the provisions concerning indemnification.

## 7. **INSURANCE REQUIREMENTS.**

7.1. The CONTRACTOR, at the CONTRACTOR's own cost and expense, shall procure and maintain, for the duration of the contract, the following insurance policies:

7.1.1. **Workers' Compensation Coverage.** The CONTRACTOR shall maintain Workers' Compensation Insurance and Employer's Liability Insurance for its employees in accordance with the laws of the State of California. In addition, the CONTRACTOR shall require any and every subcontractor to similarly maintain Workers' Compensation Insurance and Employer's Liability Insurance in accordance with the laws of the State of California for all of the subcontractor's employees. Any notice of cancellation or non-renewal of all Workers' Compensation policies must be received by the CITY at least thirty (30) days prior to such change. The insurer shall agree to waive all rights of subrogation against the CITY, its officers, agents, employees, and volunteers for losses arising from work performed by the CONTRACTOR for City.

7.1.2. **General Liability Coverage.** The CONTRACTOR shall maintain commercial general liability insurance in an amount of not less than two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit.

7.1.3. **Automobile Liability Coverage.** The CONTRACTOR shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the CONTRACTOR arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than three hundred thousand dollars (\$300,000) combined single limit for each occurrence.

7.2. **Endorsements.** Each general liability and automobile liability insurance policy shall be issued by insurers possessing a Best's rating of no less than A:VII and shall be endorsed with the specific language of Section 8.2.1 below.

7.2.1. "The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONTRACTOR, including materials, parts, or equipment furnished in connection with such work or operations."

7.2.2. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY may have, shall be considered excess insurance only and shall not contribute with this policy.

7.2.3. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.

7.2.4. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents.

7.2.5. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its

elected or appointed officers, officials, employees, agents, or volunteers.

7.2.6. The insurance provided by this policy shall not be suspended, voided, canceled, or reduced in coverage or in limits except after thirty (30) days' written notice has been received by the CITY.

7.3. **Deductibles and Self-Insured Retentions.** Any deductibles or self-insured retentions must be declared to and approved by the CITY. At the CITY's option, the CONTRACTOR shall demonstrate financial capability for payment of such deductibles or self-insured retentions.

7.4. **Certificates of Insurance.** The CONTRACTOR shall provide certificates of insurance with original endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the CITY on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the CITY at all times during the term of this Agreement.

7.5. **Failure to Procure Insurance.** Failure on the part of the CONTRACTOR to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Agreement pursuant to Section 6.2 above.

7.6. **Nonpayment of Deductible.** The commercial general and automobile liability policies required by this Agreement shall allow City, as additional insured, to satisfy the self-insured retention ("SIR") and/or deductible of the policy in lieu of the CONTRACTOR (as the named insured) should CONTRACTOR fail to pay the SIR or deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. CONTRACTOR understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Agreement. Failure by CONTRACTOR as primary insured to pay its SIR or deductible constitutes a material breach of this Agreement. Should City pay the SIR or deductible on CONTRACTOR'S behalf upon the CONTRACTOR'S failure or refusal to do so in order to secure defense and indemnification as an additional insured

under the policy, City may include such amounts as damages in any action against CONTRACTOR for breach of this Agreement in addition to any other damages incurred by City due to the breach.

8. **ASSIGNMENT AND SUBCONTRACTING.** The parties recognize that a substantial inducement to the CITY for entering into this Agreement is the professional reputation, experience, and competence of the CONTRACTOR. Assignments of any or all rights, duties, or obligations of the CONTRACTOR under this Agreement will be permitted only with the express consent of the CITY. The CONTRACTOR shall not subcontract any portion of the work to be performed under this Agreement without the written authorization of the CITY. If the CITY consents to such subcontract, the CONTRACTOR shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Agreement shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.
  
9. **COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS.** The CONTRACTOR shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations.
  - 9.1. **Taxes.** The CONTRACTOR agrees to pay all required taxes on amounts paid to the CONTRACTOR under this Agreement, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by reason of the independent contractor relationship created by this Agreement. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the CONTRACTOR and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONTRACTOR, then the CONTRACTOR agrees to reimburse the CITY for all costs, including accounting and attorneys' fees, arising out of such audit and any appeals relating thereto.
  
  - 9.2. **Workers' Compensation Law.** The CONTRACTOR shall fully comply with the workers' compensation law regarding the CONTRACTOR and the CONTRACTOR's employees. The

CONTRACTOR further agrees to indemnify and hold the CITY harmless from any failure of the CONTRACTOR to comply with applicable workers' compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONTRACTOR under this Agreement any amount due to the CITY from the CONTRACTOR as a result of the CONTRACTOR's failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.

- 9.3. **Licenses.** The CONTRACTOR represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, insurance, and approvals which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR shall maintain a City of Hermosa Beach business license, if required under CITY ordinance.
- 9.4. **Prevailing Wages.** CONTRACTOR shall abide by the minimum prevailing rate of wages as determined by the State of California, Department of Industrial Relations for each craft, classification, or type of worker employed to carry out provisions of the Agreement. During the term of this Agreement, Contractor shall keep on file sufficient evidence of its employee compensation to enable verification of compliance of Prevailing Wages as established by State of California, Department of Industrial Relations.
10. **CONFLICT OF INTEREST.** The CONTRACTOR confirms that it has no financial, contractual, or other interest or obligation that conflicts with or is harmful to performance of its obligations under this Agreement. The CONTRACTOR shall not during the term of this Agreement knowingly obtain such an interest or incur such an obligation, nor shall it employ or subcontract with any person for performance of this Agreement who has such incompatible interest or obligation.

11. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY.** The CONTRACTOR represents and agrees that it does not and will not discriminate against any employee or applicant for employment because of race, religion, color, medical condition, sex, sexual orientation and/or gender identity, national origin, political affiliation or opinion, or pregnancy or pregnancy-related condition.
12. **RECORDS AND AUDITS.** The CONTRACTOR shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by the CITY or any authorized representative, and will be retained for three years after the expiration of this Agreement. All such records shall be made available for inspection or audit by the CITY at any time during regular business hours.
13. **OWNERSHIP OF DOCUMENTS.** It is understood and agreed that the CITY shall own all documents and other work product of the CONTRACTOR, except the CONTRACTOR's notes and workpapers, which pertain to the work performed under this Agreement. The CITY shall have the sole right to use such materials in its discretion and without further compensation to the CONTRACTOR, but any re-use of such documents by the CITY on any other project without prior written consent of the CONTRACTOR shall be at the sole risk of the CITY. The CONTRACTOR shall at its sole expense provide all such documents to the CITY upon request.
14. **INDEPENDENT CONTRACTOR.** The CONTRACTOR is and shall at all times remain as to the CITY a wholly independent CONTRACTOR. Neither the CITY nor any of its agents shall have control over the conduct of the CONTRACTOR or any of the CONTRACTOR's employees or agents, except as herein set forth. The CONTRACTOR shall not at any time or in any manner represent that it or any of its agents or employees are in any manner agents or employees of the CITY. The CONTRACTOR shall have no power to incur any debt, obligation, or liability on behalf of the CITY or otherwise act on behalf of the CITY as an agent.
15. **NOTICE.** All Notices permitted or required under this Agreement shall be in writing, and shall be deemed made when delivered to the applicable party's representative as provided in this Agreement.

Additionally, such notices may be given to the respective parties at the following addresses, or at such other addresses as the parties may provide in writing for this purpose.

Such notices shall be deemed made when personally delivered or when mailed forty-eight (48) hours after deposit in the U.S. mail, first-class postage prepaid, and addressed to the party at its applicable address.

In addition, in accordance with Part IV.D.9.h.iii of the MS4 Permit (Order R4-2012-0175)<sup>1</sup>, Contractor will ensure that any catch basin that is determined to be at least 25% full of trash will be cleaned out promptly.

If necessary, solid material shall be dewatered in a contained area and liquid material shall be self-contained and hauled off for legal disposal. Additional disposal details are discussed in Section below.

In accordance with the MS4 Permit (Part IV.D.9.e), Contractor shall implement and maintain those activity- specific BMPs listed in Table 18 of the MS4 Permit that are specific to storm drain operation and maintenance. In addition, contractor must have proper licenses and permits to haul and handle hazardous material or wastes. Contractor must obtain permits for Transportable Treatment Units (TTU) and National Pollution Discharge Elimination Systems (NPDES) to manage storm water waste and provide for drain cleaning operations.

#### **7.1 INSPECTION**

The City or its representative shall, at all times, have safe access to the work and shall be furnished with every reasonable facility for ascertaining that the materials and the workmanship are in accordance with the requirements and intentions of these special provisions. All work done and all materials furnished shall be subject to inspection.

The inspection of the work shall not relieve the contractor of any obligations to fulfill this contract as prescribed. Work not meeting such requirements shall be made good and unsuitable work may be rejected.

## **8.1 SAMPLING, ANALYSIS AND CLASSIFICATION OF WASTE**

The materials removed during the operations may contain heavy metals and hydrocarbons (meeting HazWaste levels both RCRA, NON-RCRA) and require analytical sampling for proper disposition as required for handling, storage and disposal practices.

Sampling and analysis of storm water waste is required. The samples of the sediments shall be consolidated and a representative of the material being discharged from the property shall be submitted for analysis. Lab sample charges will include labor, personnel, transportation, materials and tools required to gather the samples from waste bins and/or drums, plus the cost of required laboratory analysis. Basic lab analysis will include total metal (Title 22 TTLC, CAM 17 Metals) and TPH (Purgeables and extractable by DHS/LUFT Method 8015 modified gasoline, diesel and motor oil). This cost shall be included in the price for lab work and no additional compensation will be allowed. Lab analysis reports will be forwarded to the contract manager for review and waste stream determination. Any of the CAM 17 metals (TTLC's), which exceed ten times the STLC, will require that the STLC test be performed. Any metal failing the STLC will have the TCLP additional lab sample change performed in order to determine its proper waste classification.

## **9.1 TRANSPORTATION AND DISPOSAL**

Transportation and disposal includes all equipment, labor, personnel and materials associated with the proper disposal of waste materials at an approved Transfer Storage and Disposal Facility (TSDF) designated by the contractor as part of the unit bid amount. TSDF charges for disposal, county taxes and service charges will also be included in the cost per unit price. Bulk material storage will be covered in roll-off bins meeting DOT requirements. All bins shall be free of leaks and in good repair.

Given the nature of this project, particularly the uncertainty as to the state and amount of the waste material involved, this project is bid on the rates stated in this bid price form. Although estimated quantities are shown, the contractor will bill the City for actual quantities to complete this project at unit rates shown.

Contractor will establish waste stream profiles with TSDF designated by the City for waste acceptance and to streamline operations.

For bidding clarification in the transportation and disposal of collected material:

- All material that is analyzed as being non-hazardous shall be disposed of in the existing Hermosa Beach City Yard Street Sweeping Containers. The cost

of handling this material is part of the unit price of Item 1 on the Bid Price Form with no additional cost to the City.

- All other costs for transporting and disposing of all non-RCRA and RCRA material shall be listed on the Bid Price Forms.

#### **10.1 CLEANING REPORTS REQUIRED**

Drain cleaning and inspection reports will be provided to the City two weeks after completion of each project. The report will include an easy to read spreadsheet.

The following items will be present on the spreadsheet:

- Date of the operations

- Number of drop inlets cleaned that day, amount of material removed
- Roll-off bin number(s) in which the material was placed
- Manifest number(s)
- Disposal date, disposal weight, disposal facility
- Hazard class (non-hazardous, non-RCRA, RCRA, bio hazardous)
- Weight of all material collected

The reports will include all supporting documentation, copy of the waste manifest and all analytical results from waste roll-off bins. All reports, charts and graphs shall be considered as a component of the contract unit price and no separate or additional compensation will be allowed.

#### **11.1 SCHEDULED CLEANING**

Normally, operations including, but not limited to, the cleaning of drain liners, catch basins, testing, transport and disposal will generally be performed during normal working hours unless a change is requested by the City. Contractor's workdays and hours are flexible to meet the operational needs of the City. There is a three (3)-drain minimum cleaning charge.

#### **12.1 NON-SCHEDULED CLEANING**

Contractor shall be capable of committing all labor, equipment and resources to this operation on an on-call emergency notice basis. These flexible hours and work shifts will be considered emergency work for the contractor and will constitute the premium payment of a minimum of ten (10) drain cleanings charged per emergency visit.

### **13.1 CONFINED SPACE ISSUES AND SAFETY ISSUES**

Drop inlet structures meet CAL-OSHA criteria for confined space operations. All cleaning operations will follow confined space entry and work requirements as defined under General Industrial Safety Orders Section 5156-5158, Article 108 of California Code of Regulations, Title 8 and Construction Order 1532 when performing site cleaning and inspections of these structures.

Addenda to modify the federal minimum wage rates, if necessary, will be issued to holders. Future effective general prevailing wage rates which have been predetermined and are on file with the California Department of Industrial Relations are referenced but not printed in the general prevailing wage rates.

Attention is directed to the Federal minimum wage rate requirements in these Special Provisions. If there is a difference between the minimum wage rates predetermined by the Secretary of labor and the general prevailing wage rates determined by the Director of the California Department of Industries Relations for similar classifications of labor, the Contractor and subcontractor shall pay not less than the higher wage rate. The City will not accept lower State wage rates not specifically included in the Federal minimum wage determination. This includes "helper" (or other classifications

based on hours of experience) or any other classifications not appearing in the Federal wage rate determination. Where Federal wage determinations do not contain the State wage rate determination otherwise available for use by the Contractor and subcontractor, the Contractor and subcontractor shall pay not less than the Federal minimum wage rate which most closely approximates the duties of the employees in question.

## SERVICES APPROACH AND SCOPE OF SERVICES

RMI will develop a project work plan identifying the street segments and catch basin locations to be inspected and cleaned. RMI will complete the required cleaning and inspections of the 130 City catch basins, 194 county catch basins and 53 city owned infiltration boxes..

Our staff will visually inspect the catch basin and annotate the types and amount of man-made material (trash) and debris/greenwaste in the catch basin. They will document the amounts of materials removed and if there were any signs of vectors/ rodents habitats. RMI staff will look for evidence of illegal dumping of hazardous waste such as used oil and paint in the catch basin(s). Should our crews encounter these materials, they will immediately notify the City's representative.

Catch Basin screen and filter repair will be visually inspected by our field representatives at the time of cleaning. Should a repair or replacement be needed, RMI will document the extent of damages and communicate them to the city representative prior to repair.

All waste and hazardous material captured in catch basins and infiltration basins will be properly disposed at an approved, licensed disposal site. RMI will furnish all labor, materials, equipment and incidentals necessary to complete the required work.

RMI will provide photographic documentation of inspection and cleaning activities. Photographs will be taken prior to and after cleaning, from the same vantage point. RMI will re-stencil catch basins with damaged or missing stencils. RMI will document catch basins that were re-stenciled.

RMI will document all the information from cleaning and will include the amount of waste and debris removed from each catch basin. This information along with site photographs will be provided to the City of Hermosa Beach within 30days of inspection and cleaning activities.
