# INSPIRING RUNNERS

Krista, thank you such an amazing experience for our girls. Their confidence is sky high after this event. Partially because of the fact that they finished an amazing half marathon, which is life changing. But to also be included as a guest made them feel like they were special. Their confidence and self belief is beyond where they ever imagined.

Thank you for all you do for our kids and this sport we love,

Bob Leetch

# Hermosa Beach - Beach Ave

# Hermosa Beach

# Hermosa Beach

# Hermosa Beach

# Hermosa Beach - Beach Ave

# Redondo - Hermosa Beach

# **Minimize Impact: Hermosa Ave & Beach Dr.**

- Decreased length of route on Hermosa Ave
- Route currently only utilizing West (Southbound) Lane
- Allows two-way flow of traffic on East side (Northbound) part of Hermosa Ave
- Affects only 31% of available parking - Nike to provide parking solutions at identified lots
- Move to Beach dr. as requested by Traffic engineers to keep parking lots around Pier plaza open to traffic, keeping Pier ave open to traffic.
- Rolling street closures & openings to minimize traffic and resident impact
- Pinnacle spectator + business area
- Pedestrian bridge at pier plaza to keep access to the beach
- Pedestrian path along the strand - preserving access for affected residents
- Intermittent pedestrian strand crossing during runner gaps
- Runner wave release allows for dispersed runner traffic throughout Hermosa (8 wave starts)
- Cohesive Business & Resident Notice plan
- Holistic Traffic, Safety, & Trash Plans
- Quick load-out times - eliminating impact on other events

# **RESIDENT IMPACT PLAN**

**The course will create some inaccessibility via car to a number of homes while the race is passing through the area. In order to get those residents in and out, we will make the parking lot at Hermosa Avenue and 11<sup>th</sup> Street accessible to them. A parking space will be saved (and paid for) for them, and a golf cart can be dispatched to aid in their travel.**

**If participants wanted to leave during the event, they would park their car in the 11th Street lot before the roads will be impacted. When they were ready to go to their car, they could either walk or call a number for a golf cart dispatch and a ride would come to their location to pick them up and bring them to their car. They can exit Hermosa Beach via Hermosa Ave to Pier Ave and head east. They can also move on Hermosa Avenue in the northbound lanes depending on where they were headed. If they were arriving home during the event, they would park in the lot and then have the golf cart available to drive them home while the event was still going on.**

# **BUSINESS IMPACT PLAN**

**As event planning moves forward, we will be working with the cities and chambers of commerce to develop priority lists which will include impacted businesses and hotels. Working with these businesses will include digital and mailed notifications, outreach to businesses via email and phone, working with them to understand what the impacts will be to each business specifically, and implementing support to them.**

# **HERMOSA BEACH TEARDOWN PLAN**

**ALL TEARDOWN WILL HAPPEN ON A ROLLING SCHEDULE  
FOLLOWING AS THE FINAL RUNNER PASSES EACH SECTION**

**AID STATIONS**

Trucks follow behind the last runner to pick up the supplies immediately once the final runner has crossed through the area.

Roughly 30 minutes after the last finisher passes through each area of the course.

**TRASH**

Trucks will follow behind the aid station supply trucks to clean up the waste while the road is still closed.

Roughly 30 minutes after the last finisher passes through each area of the course.

**RESTROOMS**

Toilet reclamation will be scheduled behind the last participants on course. However, toilet reclamation takes a bit longer to load and secure.

Roughly 90 minutes after the last finisher passes through each area of the course.

**ENTERTAINMENT**

Depending on the size of the build, the teardown time will vary per location.

Any decorative lighting or amplified sound can be turned off Roughly 5-minutes after the last finisher passes through each area of the course.
