To all:

Please see my additional, more-detailed supplemental comments, that I've submitted by email for this 'Check Register' item in PDF format.

This e-Comments system is very limited in capability. Unfortunately as such the Public will not have the ability to view my emailed comments for this item until perhaps an hour prior to the meeting, after the City Clerk's office blast-ads all such public comments and of course after most individuals have already viewed the agenda.

An absolutely horrible council/city manager designed-and-implemented process, clearly designed and manipulated to take the public out of the picture as much as possible.

Well that's what the apathetic public gets when they let their City Council do any D thing they desire for the sake

of "efficiency".

The Council and City Manager should be going the all-out-extra mile to make sure the public can and DOES engage as easily as possible but not this council. They and their anti-transparency, control-freak city manager/Councilman Justin Massey tag-team are fooling no one. My views herein, but no doubt most others too after seeing what's been going on, especially since Councilman Massey and City Manager Lowenthal took over and wrecked the Hermosa Beach government during the last 5-8 years with their de facto dictatorial run.
